Dear Miss Gilpin:

When Richard Rudisill was here recently he told me of your work particularly of the fine platinum prints of Indians which you have. I would be interested in knowing more of the photographic material especially that on the far west which might be available by purchase, trade, or loan to The Oakland Museum. We have the beginning of a fine collection but are always hopeful of finding more material particularly early Indian photographs. Thank you for your assistance.

Cordially,

(Mrs.) Therese Heyman  
Associate Curator of Photography and Prints
