Dear Miss. Gilpin,

I want to thank you very much again for inviting the boys and myself in the other day to visit you and see some of your photographs.

I enjoyed talking with you very much and although the boys didn't quite understand who you were they will someday realise and be proud to have met you.

They are the most talented students from the school and I hope that someday they will be artist and photographers. I feel they are the promise of the Navajo's future and we here at Rough Rock trying to make them good Navajos as well as men of the world.

I have placed your name on our mailing list for the Rough Rock News and will make sure you recieve a copy of the next issue dated February 25. In it will be an artical put together with the boys writings and photographs about their trip to Santa Fe. I think you will be interested in it and the following issues about how this school is helping the Navajo to be himself.

Thanks again and I hope I have another chance to visit with you.

Sincerely,

John C. Hill
