Dear Laura -

I was delighted when the nice people at the University said you were coming to the lecture — and disappointed when I learned you could not make it. The lecture was well attended, and I am being given a warm welcome, with lunches and a party.

They'd like me back, so there'll be another time to meet — and the next visit will be with Nancy and we'll plan time to come to Santa Fe.

Thank you for wanting to come!

All best

Beaumont
