Dearest Laura

I must say I cannot think of
anyone who will grace the degree
of L.H.D. more than you. Good for
them to have had the perspective-
pers to honor you and themselves
thus - I'm delighted for you and
proud of you & of the University -

Try to get in a few words with -
David Riesman an old friend of
mine with - a darling new Englishish
wife - Apparently a recent book of
his on the revolution in the
Colleges is excellent - I have

Seen it.

Have a beautiful time & do send
me any spare clippings about you.
You knew I'd care to see this one
and I do.

I'm sorry about your Betsey -
Each time I see her I am sur-
prised to be seeing her again
- she seemed so frail "the
last time" - She's one of the few
people that makes me glad to have
lived at this time and in that
place - And you dear Laura
are another - very much love
Lila.
