Dear Miss Gilpin:

We are currently gathering illustrative material for a new junior high school textbook entitled LIFE SCIENCE INVESTIGATIONS (authors: Educational Research Council of America).

We would like to obtain on approval a black and white glossy photograph of a desert road similar to the enclosed sketch. As this photo will be used in an exercise on perception, it is important that the road in the photo recede directly back, as in the sketch. We do not object to telephone poles or fence posts in the photo.

We shall be happy to meet your terms of reproduction, provide a credit line, and return the photo after use. We would appreciate seeing as many photos as you have which may be appropriate for our purposes.

As we have a June 15 deadline for collecting material, I shall look forward to hearing from you at your earliest convenience.

Thank you for your attention to this matter.

Yours truly,

Janet Taylor
