August 24, 1970

Dear Miss Gilpin:

Our family has just returned from our six months in Canada, with our three lovely pictures, and warm memories of our visit with you in Santa Fe. The pictures have been much admired, and give us the greatest pleasure.

The fourth picture, of the weaver in her hogan, has not yet arrived. I am not impatient, but want to let you know, in case it may have gone astray in the mail.

We are also waiting for our own copy of "The Enduring Navajo", ordered by our bookseller in Exeter — we enjoyed reading a borrowed copy so much before we went to Canada, and are anxious to re-read it now. I hope I may order prints of some of the other pictures in it later.

Nora joins in sending you her best wishes — I do hope we will be able to see you again before too long, in Santa Fe, or perhaps, in the east.

Sincerely, John Tuthill
