December 11, 1970

Dear Miss Gilpin,

I am writing to ask if you would be able to send us the black and white photograph of a Navajo lady spinning which we ordered from you when we were in Santa Fe last May. The photograph is to measure $10\frac{3}{4}$ " x $13\frac{1}{2}$ " (or at least that is what the other matching photograph measures-- the one of Timothy's mother standing with a small girl in front of her) and the matt will fit into a frame which measures on the outside $16\frac{11}{16}$ " x $20\frac{3}{4}$ ". The other three photographs we bought from you are framed, and they look beautiful. We are thrilled to have them.

I hope you will not think I am rude, or pushy in writing to you. I know how very full and busy your life is. It is simply that we look forward so much to completing our quartet of Navajo photographs. Since we have been home in New Hampshire, we find we miss the openness and the sunshine of the Southwest more and more.

It is a comfort to be able to pick up your book "The Enduring Navajo" and look through it and read it. I hope very much that we will be able to get back there again before too long, and before it changes too much.

*Thank you again, and very best
wishes.
Sincerely, Nora Tuthill*
