Dear Miss Hilpin-

Perhaps you will recall my visit, a couple of months ago now, and we talked, & I looked over a # of your photos, in relation to ones I had listed in my Navaho book. Among others I was especially interested in the very large "Old Lady Long Salts" summer living which hung at the end of your living room. (over)

I had thought I might return to Santa Fé about this time but family problems (money) necessitate my heading east from here to the envelope address. So I am enclosing the \$100 deposit check I spoke of as against any purchases I may make when I return - which will not be until late August, I estimate.

Since traveled so far (Arcic Circle) & so much has happened, that our little visit seems out of the long long ago -
Best wishes, Ed Warner
