Dear Dr. Edgerton:

You may remember in the fall of this year, Dr. George P. Springer, Vice President and Dean of the University of New Mexico wrote you regarding a proposed project of a book by our distinguished New Mexican, Miss Laura Gilpin.

You were kind enough to look into the matter and we deeply appreciate your interest.

In your letter of August 27, 1970 to Dr. Springer, the last paragraph, you mentioned that you "would be publishing a new program announcement within the coming weeks."

We are wondering if this program announcement has been published, and, if so, would it be possible for us to receive a copy.

We are still working toward getting this book published. We feel very strongly that it would be an inspiration, not only to our own New Mexican citizens, but to everyone in the United States who may see it.

Thank you.

Sincerely yours,

K. Rose Wood
