Dear Mr. McAlpin:-

A note to tell you how much I appreciate your interest in my photographic work, It will be a pleasure to prepare a group of prints to send you for your selection. I shall do this very shortly after the first of the year.

A short time after you telephoned me, I had a call from Beaumont Newhall. He will be here in Santa Fe next Monday and I shall have talk with him and show him my platinum prints. And strange to say a little while later I had a call from Barbara Morgan, who spent a week with me last June. She knows my work better than anyone away from the Southwest area.

In the mean ~~toe~~ meantime this is a great incentive to get to work making some new hand coated platins.

My thanks to you and the very best of wishes for the holliday season,

Most Sincerely
