Dear Claire:-

It was nice to have such a nice visit with you and talk over your book project. This all interests me very much indeed and I believe that I am now strong enough on my feet to do it. It is really hard to estimate the time and work involved. I am sure that it would take the better part of two weeks to do the negatives and nearly as much more to process.

Would a figure of \$750. sound right to you? This would include both field and darkroom work and delivery of 25 satisfactory pictures. This would mean carefully planned pictures and the best possible reproduction prints. \$250. down to start with and the balance on delivery of the prints.

I do hope that this will be a satisfactory arrangement and that we could begin work fairly soon.

My best wishes

Most sincerely
