Dear Mrs Mimmns:-

Here are the two Navaho Pictures
you requested by phone yesterday: The Council Room
and Navaho Silversmith Making A Cast, both from
my book The Enduring Navaho. I understand that you
have already cleared the use of these with the Univer-
sity of Texas Press, and I hereby grant you the use
of them for use in your coming publication. Any
further use will have to be discussed if such should
be desired.

In order to have these reach you by Monday morning,
I am sending you what I have on hand. The print of
the Council Room has not been ferrotyped, but there
should be no difficulty with it anyway.

As the University Press wishes credit, I am sure you
will add this below my name.

Thanking you for your order and trusting that these
will reach you promptly, I am

Very truly yours,
