Mr. Erwin Welcher,
General Graphic Services,
880 Polson St.,
San Francisco, Calif.

Dear Mr. Welcher:-

For several weeks I have been meaning to write to ask for a quotation on making another enlargement of one of the Navaho pictures. I have had a request for a price on "The Summer Hogan of Old Lady Long Salt". This is one of the ones that you made for the Amon Carter Show in the fall of 1968. The copy I have here has been slightly damaged in transit and I need a new print of it. It is a 40"x50" mounted print. The original negative is 4"x5". You made a most excellent print of this. I need the entire cost of print, mounting, finishing & crating.

I am pleased to tell you that most of the prints you made for me are now on exhibit at the Institute of American Indian Art, here in Santa Fe, together with 120 odd prints of my own. Your enlargements have received many favorable comments.

When you send me the requested quotation and I complete the deal, I will send you the negative.

With many thanks for your attention,

Sincerely yours,

IRWIN WELCHER
