

May 3, 1971

Mr. Irwin Welcher,
General Graphic Services
880 Polson St.,
San Francisco, California.

Dear Mr. Welcher:-

The reason for my delay in sending you the negatives for some new prints, is that I was having nibbles on sales for several. Now I definitely have orders for four.

- | | |
|-------------------------------------|-----------------|
| 1. <u>Shepherds of the Desert</u> | 8x10 negative |
| 2. <u>Long Salt Summer Hogan</u> | 4x5 negative |
| 3. <u>Navaho Sacred Mt. of East</u> | 4x5 negative |
| 4. <u>A Chance Meeting</u> | 2 1/2 x 3 1/4 " |

On No. 1, a 40x50 (approx) will be large enough. full neg.

No. 2. The same size (approx.) full negative

No. 3. Trim as indicated. 23x30

No. 4/ full neg. 23x30. proof print encl. This one should match another you printed for me before take at right angles to the left. The two almost join; I want them for each side of the fireplace in my studio. Before you cropped this considerably. I do not think it will need any cropping but I do want it 23x30 to match the other.

Please mount these as you did before, and with an order for four prints I am sure one crate will be sufficient. Do you think I can have these delivered here by truck to reach me by May 22nd, or 23rd? I am to have a show of some 60 prints at Saint John's College here Opening on the 29th. I am sending the negatives herewith by air mail insured, and you should have them not later than Wednesday.

Thanking you again, and next time I will try to mount one myself. I think I know how, but am not sure of the adhesive. Is it Elmer's Glue diluted with equal amount of water?

With best wishes,
