

Dear Laura - Maudie Keegan
just called me to say how
inspired she was to meet you
and how much she admired
you and your work —

I haven't seen her Two
Blue Lake pictures as yet.

I just had an idea: I
wondered if the new Smithsonian
magazine might do an article
using your Indian photographs
with perhaps an article by
an Indian writer or — you — or
an anthropologist — or whomever.
I'm sure you have seen it — and
I think Ripley would be very
open to this —

MRS. WILLARD D. MORGAN

I'm still desperately trying
to "catch up" with paperwork
— before I launch into real
"stuff" —

Best to you —

Love —

Barbara
