Dear Laura:

Another quick note -- just had a telephone talk with Frances Gardner of Time-Life Books. She will soon be in Santa Fe tracking down stuff for a Time-Life book, "Cowboys and Indians," working title. I have told her about you and she is enthusiastically hoping to meet you and I hope that she will use some of your pictures.

Frances is also tuned-in with Jim Holliday of the California Historical Society.

Lots of luck and love to you,

*Barbara*

*This "official" look of letter is because  
at the moment - (Thank God) I  
have a part-time typist who is  
helping try to "catch up".*
