The Pueblos of Nambé, Picuris, Pojoaque, San Ildefonso, San Juan, Taos and Tesuque have joined together to form the Northern Pueblos Enterprises, Inc. This corporation consists of:

- . A CONSTRUCTION DIVISION
- . A NATIVE PRODUCTS DIVISION
- . A TOURISM DIVISION

This is a unique effort to initiate economic development activities in Northern New Mexico. Special emphasis is placed on hiring and training Indian people to afford them the opportunity of competing more effectively in today's job market.

- The first project completed by the *CONSTRUCTION DIVISION* was offices for the Enterprises in Pojoaque. This handsome building, constructed by Indian trainees, is an outstanding example of the efforts of this group.
- The *NATIVE PRODUCTS DIVISION* is currently involved in the production of adobe brick and vigas.
- The *TOURISM DIVISION* is developing a five-day tour package employing a unique, innovative approach to tourism with emphasis on the cultural and historical aspects of the area. Additional shorter tours and special services are also projected. The Tourism activities will be operated by the Indians themselves, and a training program is underway at the moment. The Tourism program represents an effort to take advantage of this rapidly expanding industry while offering, at the same time, an educational experience to visitors.

The Board of Directors of the Enterprises cordially invites you to attend the dedication of the offices of the Northern Pueblos Enterprises.

PLEASE JOIN US.
