Dear Miss Gilpin:

We need an 8x10 glossy print of the enclosed photograph that you took of the Santa Fe Trail near Fort Union, probably around 1960-62. You may have taken this for the National Park Service.

This picture is to be used as an illustration in a book I have written about the Trail and which will be published soon by the University of New Mexico Press.

If you can supply this print, and if the cost of print and permission for its use in a book does not exceed ten dollars, please send it along at your earliest convenience. We would like to have it by March 15. If other costs or permissions are involved, please let me know. The invoice should be sent to the University of New Mexico Press.

Yours truly,
