Dear Laura,

I have sent off to you the plate back and some other "accessories," as they call them very often here, and I hope you can use them.

You will notice I have sent you one cut film holder, which is for 6x9 film, not $2\frac{1}{4} \times 3\frac{1}{2}$. You can't buy 6x9 film here any more, although I suppose you could get it on a special order. I have used these holders by cutting 4x5 film and getting two $2\frac{1}{4} \times 3\frac{1}{2}$ out of each one, but it is an awful nuisance. If you

can use them, I have a dozen of those holders which I will be glad to get rid of. I did not ship them all for lack of room in the box. They are nice holders, but a bit heavy to carry a dozen around with you.

It was good to see you the other day, though I wish it had been under happier circumstances. When you come up again to hang your shawl, I hope we will be able to see more of you.

Don't worry about the Camera. A camera which cannot be repaired is not worth much, and I am glad you can use it. Hazel sends her love. As ever Ben.
