FRED CHASE

Dear Laura:

Fred and I do sincerely appreciate your coming to Albuquerque to photograph Pablita. I'm sure you were very tired by the time you were finished! And Helen told us later that you had a six o'clock dinner engagement!

I regret very much that I had to run away without saying goodbye, but I could see that you and Pablita had captured a mood and I didn't want to disturb you at that critical moment. Fortunately, Mother had not broken her ankle, but it is a severe sprain and she has been in bed most of the time since she fell. I've been spending as much time as possible at her house.

We enjoyed so much seeing you, Helen and Pablita, and we are extremely pleased and delighted that Pablita has now had the honor of being photographed by Laura Gilpin! You are such a dear to drive down here to do it! And, too, thanks again for autographing your books.

When the proofs are ready, perhaps Helen, Pablita, Fred and I can drive to Santa Fe to see them. Pablita is positively ecstatic about the whole thing!

Fondly,
