Dear Miss Lanyon,

We learned only yesterday of Miss Forties death.
Our good friend Ned was here for meetings and
spent the evening with us, which is always
a pleasant, rewarding and stimulating experience.
He told us of your desire that contributions be made
to college library fund - we were quite moved
by his appreciation of the art and his warm
feeling of friendship and respect for you.
We all agreed that the Enduring memory is
a most beautiful tribute to that fine remarkable
woman and that only you have the capacity
to portray these people with such meaningful
perspectivity.

Ide and I were pleased to make a small
contribution to the fund - and I do join
me in expressing our warm affection for you
and do hope that we will see you when
we are in Santa Fe in early spring -

Sincerely

Marion Sanders
