

Jan 5, 1972

Dear Miss Gelpin,

I was sad to read of dear Miss Betsey's passing and send you my deepest sympathy.

I remember how cute she was when we were doing the "cub service" series of injections when you would bring her down to Dr. Babb's office in the late Afternoons, and I'm grateful for having had the opportunity to know such a fine person.

I think of you often with fondest regards. Love

Clare
