Dear Mr. Debye:

The camera came back to me several weeks ago and busy days have prevented my writing you. I am sorry that Mr. Gasser was unable to do the work, as he has done this for me in the past. It seems to be getting difficult to repair Medalists, which is a terrible pity since this is a fine camera. I appreciate your sending me the old Medalist Model I for any possible spare parts.

It has just come to my attention that a former repairman with Eastman Kodak is now repairing cameras on his own. I have sent a camera to him and expect to have it back next week.

Thanking you just the same and I regret that you were unable to handle this in San Francisco.

Very truly yours,

Laura Gilpin
