Mr. Martin Friedman, Director
The Walker Art Center,
Vineland Place,
Minneapolis, Minn.

Dear Mr. Friedman:-

The case with the large photo murals was shipped to you last Friday, and I trust reach you in perfect order. A portfolio containing twenty more photographs are on their way to you today and I trust will follow quickly.

Enclosed please find the complete list of everything. There were one or two pictures which you wanted but which I did not have time to print. I have substituted with other similar material.

Whatever honorarium you think suitable for including these prints in your exhibit will be quite satisfactory to me.

In the possible event that any one should wish to buy a print, or have me make an exhibition quality print my prices are as follows:-

16x20 prints	\$100.
11x14	75.
8x10	50.

These print prices were set by Mr. Lee Witkin of the Witkin Gallery in New York City who is now handling my prints.

Thank you very much for your request for the prints for exhibition use only at your gallery, and hoping that you find everything to your liking.

Most sincerely

LAURA GILPIN
