Nov. 13,

Miss Peg Ireland,
Skidmore, Owings & Merrill,
San Francisco, California.

Dear Miss Ireland:

Yes Indeed Mr. Owings ofcourse has my permission to use the pictures Mr. Owings wants to use in his new book. The Air Force Chappel is his to use anytime he wants it. But I dont know which picture of Las Trampas Church he wishes. I have done many of this. Does he want an old one, or one with the new towers? I think he should have any of these prints but if necessary I will make any other.

I dont know why the delay in the mail. I should have had your letter last Friday. I have been ill with the flu and am just about again. Should you need to call me as to the identity of the Las Trampas picture, I will make it at once.

The only specifications as to credit line are simply my name in small type under the picture.

We are finding appaling time loss in mail through the new postage rules. A letter from Los Alamos, for instance, addressed to Denver, Colo. has to go to Los Angeles on the way! Mail from here to Los Alamos goes first to Albuquerque.

I hope that this delay will not inconvenience you to greatly.
