

July 19  
1972

Dear Lee:-

First my most sincere thanks for all the books you sent me.. I am into the Gerad Richter and like it very much. The other two I dip into, but as you know, my time for reading is sparse, but I get there eventually. I am so pleased to have these.

I am getting worried about the prints which were mailed to you on July 3, receipt No. 566080, and as the return receipt requested has not yet come back I need to know as soon as possible, as I leave for DeChelly next Wed. the 26th. Will be away a week or ten days. But perhaps I should put in a tracer. I know I slowed up the mail with kind of receppt but it is essential these days. However my writing a letter about it may bring the receipt to-morrow.

Mr. & Mrs Tucker who said they knew you, (from St Louis) came to see me several days ago and went off with a platinum print (Rain Drops on Lupin Leaves) and a 16x20 of the Rio Grande. They wanted The Ghost Rock, but I had to say that it was spoken for by Mr. McAlpin. I told them you had the only other one, so you may be hearing from them,

It has been so nice to have met up with you at long last and to feel that you like my efforts. When you can let me know about when you want my show for time goes by so fast, and I want you to have my very best work.

Please send me a quick answer if the prints have not arrived so I had have them traced.

My best and gook luck

Most sincerely

P.S. The chair is very glad to be back at home and looks more comfortable now!
