Dear Mrs. Gilpin:

Thank you for sending in the Fort Union photograph and the 8x10's of your exhibit and the Rio Grande.

Seeing your beautiful Navajo photographs on the wall makes me rueful that we cannot reproduce any of these in our book. If your publisher were willing to release any for republication, would you be interested in having one or two reproduced in our book? Credit would be to both you and your book, of course.

If we owe you for dark-room expense for preparing the photographs that you just mailed, please bill me your costs. Reimbursement for reproduction rights will be forthcoming in a few weeks, after the final selections have been made.

Cordially,
