Dear Miss Gilpin:

I received your letter of March 13 concerning the permission to Abelard-Schumann. When they have decided whether or not they want to use the pictures and decide finally which pictures to use (if they should decide not to use all five) I am sure they will be getting in touch with you. It would probably be best if you didn't do anything at all about making prints until they get in touch with you. (I discussed this matter with Dave Gilbert, and he is in agreement.) I am sure you will be hearing from them when they reach the stage of production in which they will need the pictures.

Sincerely,

Darla B. Kiker
