

Dear Laura,

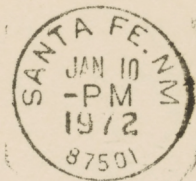

It was a great privilege to me to have known Betsy - the children and I have been recounting the many times we so enjoyed times with her - the baskets of soap at Christmas - her always-loving humor - somehow for me the evening Adlai Stevenson lost the election and we were all at the Hownell's keeps coming so strongly to mind. We'll miss knowing that she is a part of our world - but we will always remember that she was a part of our lives - a very great, good, charming lady.

With fondest love,

Anne
