Dear Miss Gilson:

I read in Monday's
New Mexican of Betsey's pass-
ing away. I felt it keenly, as
I learned to like the dear
little soul, so many times
she depended on me and I
was glad to help her, as "no
good as I was & still am" - We
got along fine. I am sure you
have had a great deal of re-
sponsibility with Betsey in the
past - But you were always so
faithful to her. I was surprised
she lived as long as she did.

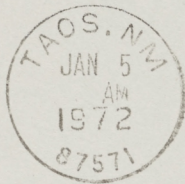

I see by the paper Santa Fe
has had the same cold weather
we have had. I'll be glad when
it warms up. I don't get out
at all & am confined to the

wheel chair all the time, But I
read a lot & do a great many
things for myself. My children
are right next door & I have a
girl to clean the apt for me.

How is Paula? She was so
nice to me too. I didn't send her
a Christmas card. I had no address.

I hope when the weather
clears up you can come to Taos
Fondly, Adelaide Secret.
