

Dear Miss Gelpin,

I visited you at your home in Santa Fe last August 16 to buy from you one particular photograph from The Enduring Navaho. It is the title page - print: the Shepherd and his sheep with Shiprock in the background. You searched your prints for this one, but you were unfortunately unable to locate one. At that time I gave you my check for the amount of \$36.40 for a 16 x 20 mounted print to be sent to my Dallas address.

I would like to know if there has been any difficulty since I haven't received the print and I received the cancelled check in my bank statement several months ago.

I would appreciate either hearing

from you as to any difficulties which (2)
might have arisen or receiving the print
in the very near future.

Sincerely,

Alan Titch
