Miss Laura Gilpin
Santa Fe, New Mexico

Dear Miss Gilpin:

It is a pleasure to inform you that you have been selected to receive a Brotherhood Award from the National Conference of Christians and Jews. The award states "for outstanding contributions promoting the cause of good will and understanding among the people of New Mexico".

Awards will be presented at the 14th Annual Brotherhood Dinner, April 13, 1972, at the Western Skies Hotel in Albuquerque. Mr. George Jessel will be the guest speaker.

Mr. A. Otto Miller is Dinner Chairman and is inviting prominent guests from throughout the state. Among those invited are Governor King, the Congressional delegation, and the Southern Pueblos Governors and their wives.

We sincerely hope that you can attend the dinner to accept the award. Mrs. Concha Ortiz y Pino de Kleven is presenting this letter on behalf of the board in order to respond to any questions you may have. We will be pleased to provide transportation or make whatever arrangements you feel would be helpful.

Please do not hesitate to call on any board member or Mrs. Daniel, Regional Director, if we can be of service.

Sincerely,

Arthur L. Welsh, Chairman

THIS WE BELIEVE

We believe that integration is in the long run the most effective means of achieving equal opportunity for all.

We believe that as long as prejudice, poverty, poor housing, unemployment and underemployment, and inadequate education block integration—the fruits of equality will surely elude us.

We believe that good education is a fundamental human right and a “pearl of great price.”

We believe that peaceful social change is both desirable and achievable.

We believe that the eruption of anti-Semitism and anti-Black prejudice in some cities is tragic and that Negroes and Jews have much to gain by cooperation and a great deal more to lose by hostilities.

We believe that the decentralization of schools in most large cities is desirable and inevitable, including the transfer of considerable power to local boards.

We believe that no group in America can or need to go it alone.

We believe that a majority of citizens, both black and white, in America are committed to human decency, liberty, and justice for all, and if properly challenged and organized into a coalition, will achieve the America of our dreams in one generation.
