Dear Indian Arts Fund Member:

Distribution of our assets following dissolution is now substantially complete, despite the many complications caused by a very generous but totally unexpected gift from another continent!

John Meem and I felt that you might like to hear of this and other adventures we have had as your trustees. We are therefore calling a final meeting of the membership, as was suggested last November, to present a report on our activities for all of you whose concern for the Fund has been evidenced in so many ways over the years.

We have also invited Doug Schwartz and Larry Waterman to say a few words on behalf of the School of American Research and the Southwest Association on Indian Affairs about their organizations' plans to use the assets we have contributed to them.

Bertha Dutton has generously invited us to join her at the Museum of Navaho Ceremonial Art for this meeting, which will be held at 4pm on Thursday, April 12, 1973.

John, Bertha, and I look forward to seeing you all that afternoon at the Museum.

Sincerely,
