Ms Laura Gilpin
409 Camino Del Monte Sol
Santa Fe, New Mexico

Dear Ms Gilpin,

I would like to thank you for speaking with me last Friday. I am only sorry that we were not able to work out something definite, however, time and money preclude the possibility of a trip to Santa Fe.

Enclosed is the list of photographs in which we were interested. If you have prints of any in a size larger than 8X10, and up to 2ft. by 3ft. that are already available, we could still use them, or some comparable, if we could receive them by September 1. We were late in coming to your book, but we feel that it would be worth our while to pursue the possibility of using at least one or two of your prints.

If nothing works out, we still have an excellent exhibit, and I would like to invite you to see it if you are in our area in the next nine months.

Sincerely,

Larry Francell
Curator
