Mr. Rodd Jones,

Dear Mr. Jones:-

Yesterday I mailed you the following:

4 sheets 4x5 Ektachrome film
1 roll 620 Ektachrome film
4 rolls 620 C.P.S. Color negative film.

If you will please sleeve these and if you do gang proofing on the 620 CPS please do so. When I see

these I may want both analure and color proofs at the moment of whatever I select.

I am just back from another work trip to the Canyon. When I get my 35mm back I will send a selection of aboth 30 slides for duplicates (\$ ea.) and also for 4x5 internegatives, from which at a later time I will want the best prints you can make.

This is ~~quite~~ a job that I am on particularly for a lame old lady, but I hope that I can pull it off. Enclosed please find my check for \$25.00 on account, let me know if this doesnt cover this order.

Very truly yours,

Laura Gilpin.
