Dear Laura:

Mother was very pleased to be about phone recently. Meanwhile my friend who was so eager to some copies of your book on the Navajo had looked up the publisher's name and had written directly to them to order her copies. Since she has already done this, it is not have copies to me. I was very way in which Mother was very pleased to be able to talk to you on the phone recently. Meanwhile my friend who was so eager to buy pleased to show her my copy of The Enduring Navajo which thrilled her to pieces. She immediately wanted to buy three copies!

We all hope that you will get to California one of these days and that we can meet you and get better acquainted. It would be especially nice if you could come in the next two years while Kathy and Bill are in Berkeley for Law School. She remembers you very fondly.

Cordially,

Mary -
