

[1974?]

Thursday, February 7th.

Dear Haura,

We're so glad you are coming for your slide lecture and that it will be a big day at the F.A.C. We want you to stay with us but understand that it will be much more convenient for you to be with Hazel and Ben, who also want very much to have you. We are 17 miles from the F.A.C. But could you plan to stay a day or two or more after your lecture on Sunday and come out to us? We would love to bring you out on Sunday when your party is all over, put you in our (at present) one-man guest-room and keep you as long as you can stay. Or if for any reason it becomes convenient for you to come out earlier so much the better. The whole time, or any part of it right for you. We can meet ² planes, get you to one, or whatever. Perhaps it will still be possible for you to drive, but who knows?

Brownie writes diligently every day.
Love from us
Hazel.
