Dear Miss Gilpin:

In going through the Registrar's files, I found a letter and In-Loan Agreement to you for five black and white photographs which you wished to give to the Museum of New Mexico. Copies of both are enclosed. Since you did not sign and return the In-Loan Agreement, I wonder if you would prefer to have a Gift Agreement despite the fact that an artist can deduct only the cost of materials from his taxes, for gifts.

We certainly understand how papers can be buried under the stacks of paperwork one has these days, but we do need your signature. I am enclosing a Gift Agreement for the same five photographs, if you prefer to donate instead of loan them.

Your photographs are valued very highly by the Museum of New Mexico, and we are grateful, indeed, to have them either on loan or as a gift.

Sincerely,

Doris E. Foley
Registrar
