Dear Friends:-

It was a very heart warming home-coming that you gave me last week, and it moved me deeply. It doesn't seem possible that so much time has slipped by since I was a small part of the Art Center, and before when I had a studio in the old Broadmoor Art Academy!

The galleries were beautiful and there was so much going on, all of which gave me a very happy feeling of progress. Having been a part of the Taylor Museum in particular, for I photographed much of the collection and helped with the production of the Kubler book, it was good to see so much of the collection on display and so well presented.

This brings my warm regards and my thanks to all of you for your kindness and your courtesy,

Most sincerely,
