Dear Dr. Dutton:

This is to make formal recognition of the fact that during the past several years I have given copies of certain of my personally taken photographs of Navaho Indians and their homeland scenes to the Museum of Navaho Ceremonial Art, Inc. You have my permission to publish any of these either in museum or your personal publications if due credit is given with each printing. If any of these photographs appear in my book, THE ENDURING NAVAHO, published by the University of Texas Press, Austin & London, I would like to have credit given thereto also.

Very sincerely yours,

Laura Gilpin
