Dear Mr. Earley:-

It is a pleasure to me to endorse your proposed film on the theme of the Rio Grande. Having done a book on this subject some years ago, I know the river well from its actual source to the Gulf of Mexico. If I can be of any help in preparing your outline, I shall be most happy to do so.

Please feel free to call on me any time that I may be of use.

Wishing you every success with your project,

Very sincerely yours,

Laura Gilpin.
