Dear Ms. Gilpin:

Governor Bruce King has proclaimed this coming October as "Arts Festival Month" in New Mexico.

A committee has been formed to bring into San Juan County the work of well known photographers, painters, sculptors, potters, a drama group, dance group performances, etc.

I have been assigned the task of setting up an exhibit of work of several prominent photographers to be shown in galleries of Salmon Ruins Museum.

Would you be willing to provide us with six or eight of your photographs for this purpose, to be returned to you the end of October?

Your work will be protected under insurance coverage of this museum while on display.

Should you be willing to grant this request, please send, postage collect on delivery, to my attention at Howard's Photography, Mesa Shopping Center, 1016 N. Butler, Farmington, New Mexico. Your photographs will be returned to you postage prepaid.

Very truly yours,

Bob Jennings
