Dear Ms. Gilpin,

I recently purchased your lovely print "Icicles, 1929" from the Witkin Gallery but found that the print was not signed. The mat was signed but I am always fearful of mat and print becoming seperated by some curator or my daughters in the future.

I mentioned this to Lee and he said to hold it a bit and he would write to tell you I would be sending it for you to sign on the back.

Thank you very much. I am proud to own such a marvelous print.
