Dear Ms. Gilpin:

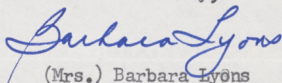

We are working on a book of American Art and Architecture and want to include a color illustration of the sanctuary and altar, San José. I've seen one that you took - in black-and-white - and I'm wondering if you have this photo in a color transparency which we could buy.

If so, would you let me know what the charge will be?

In any event, will you be kind enough to let me know - one way or the other - so that I don't delay in tracking down this illustration?

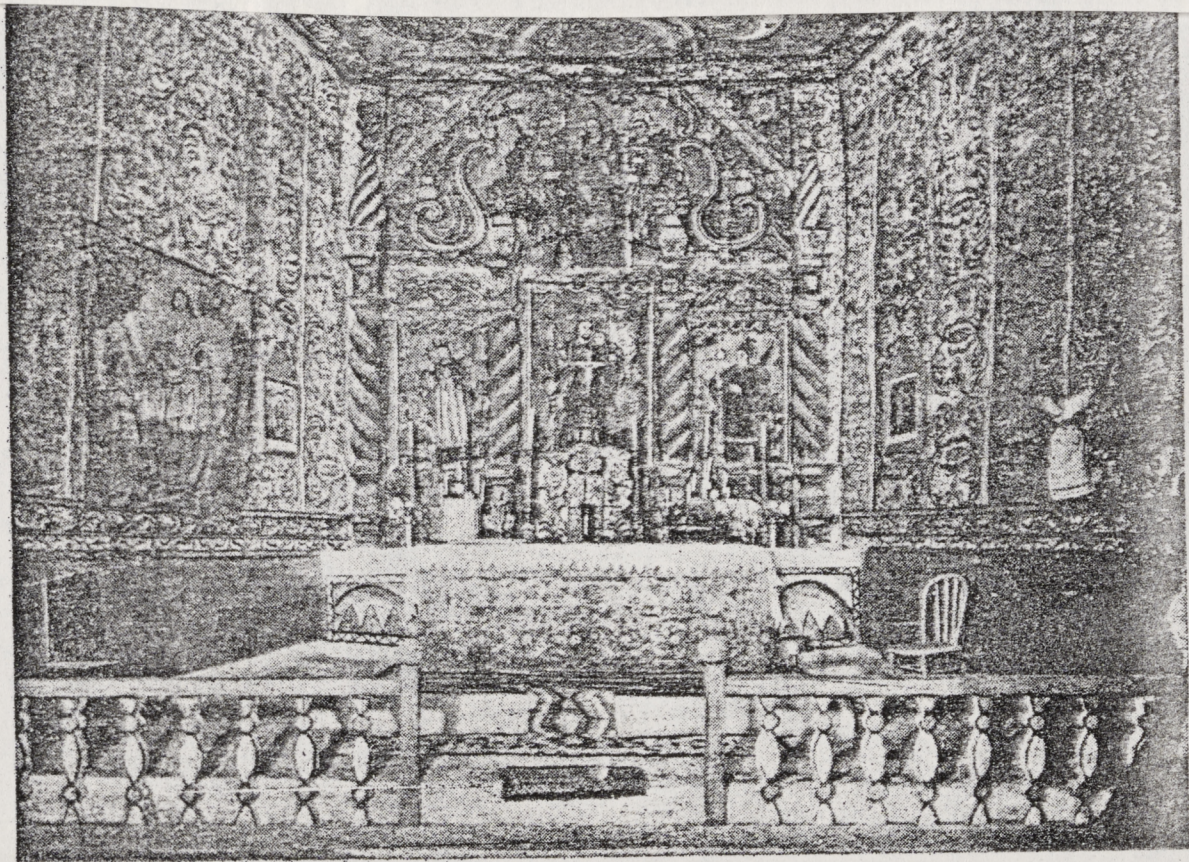

Thank you so much for your courtesy.

Yours sincerely,
