Dear Laura:

I have a good chance to exhibit some of my Indian things here in Tokyo including the brown & black wedding jar that Po and the family gave me as a gift after the Retrospective several years ago!

I am inclosing a check, which may not be enough, so tell me if not — please have a color print made of the picture of Po & Maria holding that same jar

I recall you had made one for the exhibit —

and I think also a print for the shop was made.

Size no less than 12x18 or no more than the next logical size.

Send it to the above address as soon as you are able. Exhibit

may be in 30 days. . . . or so.

all goes well here ... I am doing good things like workshops in the Philippines with 48 people from Korea, Okinawa, Japan, Taiwan and the Philippines with 8 Filipinos as artists on residence - - dancing, sculpting, making jewelry, weaving etc. just beautiful.

Now coordinating an 8 week ethnic arts workshop here in Japan with people from Philippines, Taiwan, Okinawa + Japan: doing pottery, printmaking, weaving etc.

Life is hectic, expensive, and wonderful ... days much too short. I am studying and doing Calligraphy which I love one day I shall send you one for the house.

Do let me hear from you. How goes the Canyon de Chelly book and other projects? My love to you.

Jim

And if by some magical chance you can do it
Please have Maria sign the photograph
only if you sense you can
