Dear Laura:

I do not know if your answering service gave you my message -- I've been running about the 5 days, I have been here, I and had hoped for a chat moment with you.

Anyway, I hear you are very busy doing good things, creating books etc. etc. also hear you were recuperating after the retrospective. just hope you are fully OK now.

Saw Anita, Tom, Nora and other of our loved friends... it has been so short but good.

I spent 4 weeks in the East West Culture Learning Institute where I met Mr. J. Mack -- writer of the enclosed letter. This is a positive, good place and I certainly would recommend you showing them if you can. They have \$ for transportation etc. so you should be OK with them. I am

impressed with Their program and
sense Mack's enthusiasm for your work
would give you important exposure
in Hawaii and among the
Polynesians and Asians working in
The Center... many of them students,
philosophers, educators, leaders.

All in all, things are good. Life
hectic and full of wonders. I leave
in the morning visiting my
Mother in Washington State and
my two girls in California Then
back to Tokyo for another year,
or two or Three. I will return
again in September 76. Save
me an hour Then, dear Laura —

Peace & joy & love to you.

Jim
