Very dear Laura :

Just to let you
know I'm "back" - (ready to
start on the "front") - and that
I've turned you over to Day &
Libane - (happily) and they are
happy to hear of the progress
toward your book - etc - and I
just want to thank you again
in the radiance of your spirit -
in all its creative channels and
wonderful emanations of friendship -
More later - always love -
Barbara

Wish you were here to go with me

to-morrow:
