Dear Lema,

I do hope the winter has
not kept you indoors too much.

You sent us a card 10/26/73
to let us know that you were
sending the photo prints "in the next
few days". I'm sorry to say we never
received them and gather that
the bad weather set in or else
they got lost in the mail. Dr Nelson
asked me to check with you because
we really love your photography
and think it would be a great
gift to give our fine children.

I envy you the flying trip over
the canyon last fall. We went at the Hogi
Mesa & Pinon last fall but were short of
time.

Sincerely
Jelle Nelson
