

TUESDAY 18 JUNE

Dear Laura,

Here is what small reimbursement I could squeeze from the University.. I hope it covers what you used in the film, anyway. The film is complete now - and it looks great, Thanks to you. It is a remarkably clear and easily followable demonstration film, and I couldn't be more pleased. Thank you for all your time and effort and endless cooperation. it was good fun!

Nick and I will leave Albuquerque for points East early on the morning of June 30th. I do hope I can show you the film by then. If not, Beaumont will have a print, and I'm sure he'll be happy to oblige you with a "premiere"!

Thank you again for all you've done.

Bebe
