Dear Miss Gilpin:

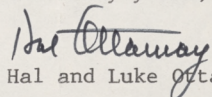

I don't expect you to remember either my wife or me, but I am employed at the Taos Book Shop and my wife was one of the hostesses the day of the autograph party for Claire's A TAOS MOSAIC.

We learned from Genevieve that you had problems with your own pictures from that special day and so we had copies made of a couple of ours for you. We trust that you will enjoy having them.

When we are able to collect our dollars together we will be up to see you some of these days. We would still love to purchase one of your prints of Maria. When the time comes for that trip we will call or write ahead and make an appointment so that we will be sure not to miss you.

Thank you so very much for your kindness. We look forward to seeing you again, sometime soon.

Sincerely yours,

Hal and Luke Ottaway
